Dear home owner

Following a recent visit from the HMRC (VAT inspectors) they confirmed that the 10% discount we have by virtue of being a home owner on this estate constitutes a 'benefit' and therefore decided that if we continued to offer this discount, then the homeowner fee would become subject of VAT in reality would mean a further £31.44 pa for every homeowner. Clearly to do this would not be in the best interest of those who do and do not use the centre. Hence why we have to withdraw the discount. Over the next couple of weeks we are negotiating with our suppliers and will be making adjustments to our prices to ensure we remain competitive. We will be improving on our beer and spirits promotions and welcome any positive ideas or comments you may have.
